

KEEPERKIDS

SUMMER HOLIDAY 2026 (JAN 5-8, 12-15, 19-22)

MONDAY

Meet our gorgeous and intelligent primates!

Keeperkids will do some drawing in the aviary, craft enrichment for primates, learn to build a bird nest, animal encounters, learn to make monkey biscuits, as well as games and eco-friendly crafts like natural dyes and papier-mâché creations for the animals.

TUESDAY

Discover Aotearoa's native birds and see them up close!

Keeperkids will do craft enrichment for the birds, learn to identify animal tracks and understand pest control efforts, bird encounters and feeding, as well as games and eco-friendly crafts.

- Special featured workshop: build your own nestbox and decorate it with Bunnings & Natureland!

WEDNESDAY

Get to know our African residents and their incredible adaptations!

Keeperkids will do some drawing in the aviary, craft enrichment for meerkats and porcupine, picnic with the goats, animal encounters, learn about native plants, as well as games and eco-friendly crafts like natural dyes and stick sculptural artwork.

THURSDAY

Meet and get to know our beautiful pygmy monkeys!

Keeperkids will do some drawing in the aviary, craft enrichment for pygmy monkeys, picnic with the goats, animal encounters, learn to use culinary herbs for animals, as well as games and eco-friendly crafts like natural dyes and weaving with harakeke.

*Our Educator has a vast inventory of learning activities, they are subject to change depending on group abilities and interests. Seasonal changes to activities to be expected, keeping every holiday fresh and exciting for your tamariki.
